

TN's FIREWOOD QUARANTINE PLAIN LANGUAGE

Tennessee Department of Agriculture has a quarantine for firewood starting on Sept. 12, 2021.

- This is an EXTERNAL quarantine excluding counties touching TN borders
- Firewood is less than 4ft used for fuel excluding wood for biomass refineries and power plants
- Firewood entering TN from a quarantine area must be heat treated (160°F/75mins)
- Firewood from quarantine area must have treatment stamp on label or invoice/receipt, manufacturer name, quantity, origin county and state.

If you suspect a violation of TN's firewood quarantine or have any questions, please contact Plant Certification:

Plant.certification@tn.gov or 615-837-5137.
